

# THE WAINWRIGHT STAR.

VOLUME II. NUMBER 17

WAINWRIGHT, ALBERTA, THURSDAY, FEBRUARY 17, 1910

H. F. CUMMER, EDITOR

## The Town Is Hockey Mad

Almost Sole Topic of Conversation on the Streets—G.T.P. Defeats Town by 3-2

During the past couple of weeks Wainwright has gone hockey mad. On every side you could see groups of enthusiasts talking about the chances of the team winning the championship of the Eastern Alberta Hockey League and comparing the records of the different players on the teams composing the division.

Since the boys went out by defeating Ribstone and Edgerton there has been more talk than ever. Among the questions heard on all sides were: "What kind of a team has Tofoeld, the winners of the Western Division got?" "Are they as fast as the town team?" and innumerable others of like nature until a person could hardly get a good night's sleep for dreams of the splendid winter game.

The interest was never more pronounced than at the match on Friday afternoon between the Grand Trunk Pacific team and the Town team. On all sides you could see like groups of enthusiasts picking out the all-star team for the championship game and many weird combinations were the result.

And those who were present at the rink on that day witnessed one of the best matches ever played along the line, and we venture to say that either of the teams could land the championship of the league without any great difficulty.

From the time the referee's whistle blew, starting the play, until the call of time, there was no let up in the play. From end to end of the ice the puck went in its travels. First one team had it and then the other, and the play was dazzling.

Twice during the game was the score tied and the result was in doubt until the last minute.

The Town boys were the first to score, some few moments after the game commenced and the Railway players did not manage to even up until much later.

The game was free from any sign of the roughness which characterized the preceding match and from a spectators' viewpoint was all that could be desired in the line of clean fascinating sport.

The score at full time was 3-2 in favor of the railroaders and they certainly earned their victory. Their game was of the highest quality, and every rush they made down the ice placed the goal in danger. If it had not been for the splendid article of hockey put up by Curley Jones in goal, the results would have been a much heavier score than it was.

For the losers, Lally played his usual steady game, ably assisted on the line by Morrison and Istead, but their efforts seemed to lack that fire and flash which has been instrumental in winning many games for them. In fact most of the town team played as if it was a hard task to which they were assigned, instead of pleasure as it should be to all sportsmen. No doubt the many hard bumps they had received in the league game down the line contributed to this effect.

Even at that it was anybody's game and the victors deserve every credit for the plucky manner in which they fought throughout the game.

The teams lined up as follows: G.T.P. (3)—Goal, Smith; point, Grieve; cover, Ritchie; rover,

## A Valentine Social

Ladies' Aid of the Methodist Church Give Splendid Entertainment on Tuesday Evening Last

The Ladies Aid of the Methodist Church more than maintained their reputation as splendid entertainers on Tuesday evening last, when they gave their much talked about Valentine Social and Concert. Owing to the cold weather, the attendance was not as large as anticipated, but nevertheless there was a very good crowd present.

A number of novel features were introduced by the ladies to entertain their guests and they all proved successful, one of the best patronized being the "Matrimonial Booth," where your affinity was found for you. This caused a great deal of amusement. The idea of the affair was to find out if a person's affinity was in the building and in order to secure the desired information, the ladies in charge of the booth put the seeker after partners through a wild performance, in one part of the ceremony they were required to grasp the handles of an innocent looking machine, whereupon they received a neat little electric shock.

A guessing competition was held in the early part of the evening, at which the editor, who is sometimes a smooth church goer won the prize.

The following programme was rendered during the evening:

Piano Duet—Messieurs Fieldhouse and Wingard.

Song—W. J. McPhee.

Duet—Misses Anderson and Laird.

Solo—F. J. Kyle.

Recitation—Miss Aykroyd.

Solo—Mrs. McGill.

Monologue—H. O. King.

Musical Asters—Misses Mott, Anderson, Laird, Mrs. McGill, and Messrs. Washburn, Kyle and McPhee.

At the close of the programme, the chairman, Rev. T. W. Bateman, gave a short address, after which a supper was served.

The gathering broke up at a late hour.

Thompson, centre; Beattie, right; McMillan, left; Kyle, Town (2)—Goal, Jones; point, Washburn; cover, Plaxton; rover, Morrison; centre, Lally; right, Istead, left, Cummer.

Referee—W. Davidson.

Timekeepers—W. J. Musson and R. A. Snyder.

This was the third match in the series of five being played between the Town and the G.T. teams and as the town have already lost two, they will have to buck up in order to win out.

After witnessing the three games between these teams, it would be a very difficult matter to pick the winner. No more games will be played in this series until after the Tofoeld-Wainwright series is completed.

## MARRIED

PERRIN—GRACE—At the home of the bride's father, Rev. John Guech, Listowel, Ont., on Dec. 30th, 1909, by the Rev. Guech, Percy Perrin, of Wainwright, Alberta, to Miss Rhoda Guech, of Listowel, Ont.

If the present plans of the local order of Oddfellows are carried out, they will proceed with the erection of a splendid block in the spring. The building will be solid brick, two stories. A lodge room will take up the second storey, and the first floor will be used as a store.

## Local News of the Past Week

Did you get a Valentine on Monday?

Chairman Dawson spent a few days in Edmonton this week.

R. A. Snyder and M. D. Thompson returned from a visit to Edmonton on Friday.

A regular meeting of the school board will be held on Monday afternoon.

E. C. Buckley left on Monday on a business trip to Prince Rupert, B.C. He will be absent several months.

Harry Laird and Roy Readman, who have been in Winnipeg for some weeks on a holiday trip, returned to town on Saturday.

A new furniture store will be opened in the town in a couple of weeks in the building formerly occupied by Frank Hamilton as a restaurant. P. D. Laird is the proprietor and he informs The Star that he will have a complete stock of all kinds of furniture on hand when he opens his store.

Mr. and Mrs. Percy Perrin arrived in the town on Saturday's express from Listowel, Ont., and other points in Ontario. Mr. Perrin is at present receiving the congratulations of his many friends on the fact that he brought a helpmate back with him. The happy couple have taken up house-keeping in Mr. Perrin's residence on Second avenue.

G. T. P. R., between Dec. 16 and Jan. 15, received the following additions to rolling stock: One large rotary snow plow, 395075, from Mussen, Ltd., Montreal; 175 box cars, nos. 310125 to 310209, and eight first class coaches, nos. 2018 to 2025, from the Canada Car Co., Montreal; three wide side door baggage cars, nos. 700 to 702, and two wide side and end door baggage cars, nos. 725 and 726, from Rhodes, Curry Co., Appleton, N. S.

Premier Rutherford has announced the appointment of a provincial government railway engineer in the person of R. W. Jones, who for some time past has been district engineer of the Grand Trunk Pacific with headquarters at Edmonton. Mr. Jones will have the entire supervision of the branch lines being built under government guarantee by the Canadian Northern and the Grand Trunk Pacific, and the main line of the Alberta and Great Western Rys., and it will be he who will have the say as to whether the conditions of the guarantee by the local government are complied with. The salary attached to this position is said to be about \$3,500.

At the present time there are over 630 buffalo in the Park here. The mammoth animals have been very little trouble to the keepers this winter, owing to the very mild weather and as a consequence there has been but little hay fed to them. They are in splendid shape, rolling in fat, and seem to be more than contented in their new home at the Buffalo Park. The young moose which were recently received are also doing nicely, and if the intentions of the authorities to have a number of these animals in the park also are carried out there will be a good variety of game here before long. With deer, the buffalo, the moose, and an elk, there will be an added attraction to visitors to the park. At present the moose are enclosed in the hay corral.

The new addition to the Wainwright Hotel has been completed and is now in use.

The engagement is announced of Miss Clara Hays, daughter of the President of the G. T. P. to H. C. Scott.

Inspector Sweetapple, of Fort Saskatchewan, was in town last week inspecting the local detachment of the R. N. W. M. E.

Constable Wingrave, of the R. N. W. M. P., who was spending a few days' holidays here last week, returned to his post at Provost on Friday.

Miss Carrie Pomroy, of Elmwood, Wis., is at present visiting her sister, Mrs. R. G. Fletcher. She will spend the winter in town.

Mrs. J. H. Dawson will receive on Thursday February 24th, after that date she will be at home on the first Thursday of each month.

W. M. Ingram, of Winnipeg, spent several days the guest of his sister, Mrs. J. H. Dawson, last week. Mr. Ingram is the inspector of school lands for the Dominion government.

Presbyterian services are being held in the Auditorium every Sunday pending the erection of a church. Rev. J. A. James is in charge of the services.

The Ladies' Aid of the Presbyterian church will hold a sale of Home Cooking every Saturday afternoon in the building next to Crawford's real estate office. They will have a choice selection of household articles, etc., for sale.

The G. T. P. made record time last week in handling a shipment of horses between Edmonton and this point, the train arriving here six hours after leaving Edmonton. Conductor Thompson had charge of the train.

Mrs. Stirling Wilson, who was sent up for trial by J. R. Gregory and Limpert some months ago on a charge of bigamy, appeared before Judge Lees at Wetaskinaw on Monday, January 30th, and was sentenced to six months imprisonment in the Calgary barracks.

One of the local real estate agents put through a couple of very good deals last week, selling two town lots and a house, and also a quarter section of farm land. The price paid for the town lots was \$14 per acre. The different real estate men report that enquiries are pouring in at a good rate and a number of big deals are in prospect.

E. F. McCarthy, who for a number of years was general yardmaster of the Port Macquarie Railway at St. Thomas, Ont., and who recently resigned his position in order to cast in his lot with the west, spent a few days in the town last week renewing acquaintances with a number of the local railway men, who were formerly working from St. Thomas. Mr. McCarthy is a man of splendid personality and an experienced railroad man, and will spend several days on a trip over the new transcontinental railway before he settles down to his new position.

## District Convention

Knights of Pythias Hold Gathering at Tofoeld on Monday—A Large Number Will Attend

The first district convention of the Knights of Pythias to be held in the province will take place at Tofoeld on Monday afternoon and evening. A large number of the Grand Lodge officers will be present at the convention, which will be under the direction of District Deputy Grand Chancellor R. D. Stimpson.

The members of the Wainwright Lodge have engaged a special car for the trip to the western town and between twenty-five and thirty of the members of the order here will attend.

The local lodge will hold the centre of the stage at the convention, the local team exemplifying the work.

A number of the friends of the order and their ladies, in addition to the local team, will be the guests of the local Knights in the car, and if the boys keep up their past reputation as splendid hosts, this will not hang heavily on the hands of those taking the trip.

P. J. McFadden, of Winnipeg, has been appointed Superintendent of the Prairie Division of the Grand Trunk Pacific. He replaced Sam McLean, who recently left for the Coast Division.

Premier Whitney of Ontario says he could slide down a rope face escape and he weighs 200 pounds. Some slack to the republican stunts some of the western politicians can go through.

A new set of rules for the use of railways in operation of trains will go into effect in Canada on May 1 next. These rules were prepared by railway experts at the suggestion of the railway commission. The effect of the change will be slight on most of the western roads, which have been operated under standard rules for many years, but on some roads there will be considerable difference in methods. The changes are intended for the purpose of securing greater safety.

Three of the cafe cars ordered by the Grand Trunk Pacific have been delivered. They arrived in Winnipeg recently and a number of prominent railway men examined them and pronounced the cars to be the best yet turned out. One of the points which created the most favorable comment was the commodious construction. They are planned so that there is no unnecessary crowding at any time and are models of comfort. The interior is finished in a plain style, there being none of the fancy fixtures which are usually connected with cars of this nature and which are nothing but gathering places for dust. The interior is so planned that it is possible to clean the cars with very little trouble. These cars will be placed on the line in the spring and will be a great convenience to those making the trip over the line.

Just to show the rapidity with which goods can be received by express from the Peg since the through service was inaugurated to this place, we mention the following instance. On Friday morning a couple of weeks ago, a local businessman sent a wife to Winnipeg at 11:30 for twelve dozen glasses to be shipped by express. The goods were received here the following morning at 3:30. Where can you beat this time for a trip of 600 miles? The many towns along this line of railway will have something to say in case any criticism is made over the expenditure on this line of railway during the construction. We have a line through the prairie country second to none as regards the track and equipment. The roadbed would be a credit to railroads which have been in operation for many years and when the line is completed there will be a number of records smashed for rapid transit from coast to coast.

Said Ribstone to Wainwright, "Youse guys talk about fast hockey playin'."

Said old Ribstone with a sneer, "Why youse guys ain't in it! End away, shove in the clear."

"We've done more hockey playin' than any farmers along the pike."

And the way we done fast scorin'."

You never saw 'em like."

I remember one cold morning, Twice about fifteen below, We're playin' hockey, Running easy, light and slow."

When we started on second time, Wimple dropped down beside the truck."

He seen old Washburn comin', He said he'd break his back."

Wash had the puck upon his stick, You could see it thro' the fog."

He passed Wimple like a cannon ball, Partin' like a dog."

He runned up to de goal And says to Tommy Cole: "I wants to get this puck in there."

So that I can make a score."

So he flappers the puck out to the side."

Just to pass away the time, Along comes Captain Lally, Who was workin' on the line."

He hits the puck a smash And it goes out of sight."

Who win that game of hockey? Why who do you suppose—"

W-A-I-N-W-R-I-G-H-T!"

—Spot.

M. A. Harpell, who has been on a visit to the east for a couple of months, returned to town on Saturday afternoon last.

Mr. Harpell reports having spent a very pleasant holiday at his old home in Ontario.

P. E. Ross is confined to the house at the present time with a severe attack of lumbago. His friends hope to hear of his early recovery.

Dog taxes for the year are now due and the must be paid at once. We understand the council will endeavor to exterminate all the dogs, which are in the village and which have not a home. This will be a blessing as at times they become an almost unbearable nuisance.

## The Team For Tofoeld

List of Players on Whom Will Rest the Hopes of Wainwright—First Game Monday

The management of the hockey team has notified the following players to report at the train on Monday morning to go to Tofoeld to take part in the first match with the winners of the Western Division of the league for the possession of the Dawson Trophy and the Halstead medals:

—Clyde Jones, W. R. Washburn, Curt Plaxton, W. Grieve, P. Beattie, C. T. Lally, H. G. Morrison, W. Istead, J. Fenouth.

After much heart-burning and hard practice, the above have been selected as being the best hockey players in the town and we think the manager and captain of the team have shown good judgment in the selection of the players. When the team lines up on the ice several changes will be noticed in the positions filled by some of the players.

Morrison will be on the wing instead of rover as in the past. Washburn will be moved from point to cover, while Lally will be found on the opposite wing to the old he usually plays, and a number of other changes will be noticed.

The players will be accompanied by a large number of rosters, among whom will be the K.P.s, who attend the District Convention in Tofoeld on that day.

W. Davidson, who has been such a success as a referee here in the last few games, will be the chief official on the ice at Tofoeld.

Here's wishing you the best of luck, boys.

## PLEASANT PARTY

Enjoyable Valentine Party Held at Wainwright Home.

A large number of the young people of the town were the guests of Mr. and Mrs. R. G. Fletcher at a Valentine Party given on Monday evening in honor of Mrs. Fletcher's sister, Miss Carrie Pomroy, who arrived from the States a few days ago on an extended visit.

The evening was pleasantly spent by the guests in a number of games suitable for the occasion, among which were a progressive card tournament, the prizes for which were won by H. G. Morrison and F. Moffatt. After refreshments had been partaken of at a late hour the gathering broke up the guests leaving for their homes, all having spent a very pleasant evening.

The hockey team will have a heavy workout tomorrow afternoon. All players are requested to be on the ice at 3:30.

M. L. Forster has just received a number of the Ever-Ready fire extinguishers which have been placed in his hotel. This morning Chief Washburn and Assistant Chief Cummer of the fire brigade examined and tested them and were more than pleased with the showing made. They are practically instantaneous in their action and will be a great help in quelling any fire which may spring up in the building. Mr. Forster has placed them at the disposal of the Chief when needed.

## Reflections

Unfortunately I am not Senator Glass as some of my gentle  
readers seem to imagine. If I  
were a man of leisure and  
means as that delightful person  
seems to be, I certainly would  
not strive to eke out a living  
by scribbling paragraphs for  
which I sometimes expect to get  
my head punched.

Thanks, Mr. Wainwright, for  
the fine fire bell. I am told  
we have already a few some-  
what similar Bells, not quite so  
brass, perhaps, but who use  
their clapper and tongue to  
great effect at the hockey  
matches, thine in with all the  
sports and are only waiting for  
some of the boys to appeal to  
their sentiments, rope them in  
and ring them.

It is a genuine pleasure to re-  
flect on the spirited and digni-  
fied manner in which Mr. E. C.  
Logan acted under very trying  
circumstances at the first meet-  
ing of the new village Council.  
Whatever may have been the  
motive for forcing Mr. Dayson  
into the chair, it is certain that  
a great lack of common cour-  
tesy was shown by not at least  
offering the chairmanship to the  
man who was easily the people's  
favorite. Mr. Graham  
would also have shown up in a  
better light had he not stirred  
up the unpleasant mess again  
by publishing his explanatory  
letter, a letter which explained  
nothing.

A dead cow was discovered  
the other day immediately in  
the rear of the Park Hotel.  
Upon examination a condensed  
milk can was found stuck fast  
in her throat. I have taken  
care to test the truth of this re-  
port, so that the village kicker  
may not insinuate that the poor  
beast was poisoned by some  
filthy refuse she picked up in  
the yard or choked to death by  
the fumes from the porous  
cesspool.

It is high time the proprie-  
tors of our two excellent hotels  
started to do some spring clean-  
ing. If I were a bacteriologist  
in search of all kinds of deadly  
germs, I would feel sure of  
finding them in the rear of  
these premises only waiting for  
the warm weather to let them  
loose in billions to pollute the  
air. Apart from the fact that  
this condition of things is a  
menace to the public health, it  
is very disgusting to have one's  
footwear defiled by being com-  
pelled to wade through filthy  
riverlets, such as have their  
headwater in the back yard of  
the Wainwright Hotel. By all  
means let us have a clean town,  
which means a healthy town,  
which means a prosperous  
town.

The New York Times in a  
article on the recent British  
elections says that the Liberals  
ought to pledge themselves to  
see to it that the navy is strong  
enough to withstand attack  
from Germany and any pos-  
sible ally of Germany. Such  
an unqualified pledge by the  
Liberal party would go far to  
check the strenuous strengthen-  
ing of the German navy that  
has been going on for years,  
and it would be a policy of  
safety for Great Britain and a  
policy of peace as well.

North Pole Peary brought  
down from the Arctic regions  
three shooting stars which sold  
for \$40,000. It is now up to  
some enterprising Wainwright-  
er to bring down that daylight  
comet which would be almost  
as valuable (in its way) as the  
Wainwright Star.

Mrs. Philip Webster of Niagara  
Falls is receiving congratula-  
tions on the birth of her 28 child.  
Unfortunately, however, only  
13 of these are still living. This  
is a most unlucky number to  
have around her judging by  
her previous record but it  
should not be difficult to in-  
crease the number by a couple  
or so and break the spell.

## Judicial Sale.

Of Building Lots, Wainwright

Pursuant to Judgment and  
final order for sale there will be  
sold with the approbation of a  
Judge of the Supreme Court of  
Alberta by Cecil Fieldhouse,  
Sheriff's Bailiff, at his office,  
Wainwright, at 12 o'clock noon  
on the 28th day of March, 1910,  
in one parcel.

Lots 24, 25, and 26 in Block 7  
in the Townsite of Wainwright,  
and according to registered  
Plan Number 6455V, in which  
there is a foundation and a  
frame restaurant. The property  
is offered subject to a reserved  
bid.

The purchaser will be re-  
quired to pay in cash at the  
time of purchase 10% of the  
money and 60% within 30 days  
and the balance upon execution  
of the transfer to him.

All other conditions will be  
standing conditions of the  
court.

For further conditions apply  
to H. V. Fieldhouse, Barrister,  
Wainwright, or E. R. Williams,  
Barrister, Edmonton.

(Sgd)

Alex Taylor,  
Clerk of the Supreme Court.

## W. B. Crawford
